1 Clarifications to Officer Report:

SUGGESTED CONDITIONS

Minor re-wording (shown underlined below) of Condition no. 15 to provide greater clarity in terms of the details required to be submitted, as follows:

Before the installation of below ground services, details in written and drawn form of the means by which passive provision of electric vehicle charging shall be made available at each caravan base within the development shall be submitted to and approved by the local planning authority. Details shall demonstrate that the necessary underground infrastructure will be installed to allow for connection and activation of charging points at a future date as demand requires. The works shall accord to the approved scheme and be available prior to first occupation of each base and shall be retained thereafter.
