SUBJECT MATTER/RECOMMENDATIONS

The report highlights performance measures that have not achieved the target for this period. It also highlights a number of measures that are showing exceptional performance against targets.

1. INTRODUCTION/BACKGROUND

In September 2015 the Council agreed 'The Plan' which sets out its strategic vision and priorities up to 2020. This established the framework against which the Council should measure its performance at both officer meetings (through regular management reports) and Member meetings (through performance reports). This report provides details of a number of indicators affecting Economic Development Committee.

2. PERFORMANCE MEASURES

Performance Measures – Highlights

Performance measures cover a range of services delivered within the area covered

by the Economic Development Committee. The details in the summary report provide quantitative information about the performance of these services and provide useful trend data. A traffic light status easily identifies if improvement is required.

Generally the trend for all the measures is in a positive direction, however the following areas of performance are brought to your attention:

Improved performance:

- a) ED01 to ED06 inclusive: It is notable that all of the planning application and appeal performance indicators have exceeded their set targets over a sustained period of time.
- b) ED07: Building Control performance has remained strong with 100% of building regulation applications having a decision notice issued within the 8 week statutory period.
- c) ED08: Percentage of Land Charges search returns sent within 10 working days is at 96.44%, compared to 83% in the same quarter last year (2017/18).
- d) ED09 Enterprise Zone – Beacon Park: Percentage of empty floor space across Beacon Park (quarterly snapshot). Improvement has been made as empty floor space has dropped from 20.39% (Qtr 2 2017/18) to 15.56% this quarter. Marketing and promotion activities are continually reviewed.

Reduced performance:

- a) None to report.

Data Quality note

All data included in this report for the current financial year is provisional unaudited data and is categorised as management information. All current in-year results may therefore be subject to later revision.
