The Committee was reminded that at their last meeting they had considered a presentation from Andy Evans the Chief Executive Officer of the CCG on the consultations relating to GP Practice premises in Gorleston and Bradwell and on the "The Shape of the System - Developing Modern and Sustainable Health Services in Great Yarmouth and Waveney". The Committee at their last meeting had agreed to defer this matter to the July meeting and had asked the Chairman to prepare a proposed response to the consultation papers.

Accordingly the Committee now considered the Chairman's proposed response to the two consultations being carried out by the Clinical Commissioning Group (CCG).

The Cabinet Secretary advised Members that under the terms of the Council's Constitution any response to the two consultations by the CCG was the responsibility of Cabinet. The Committee discussed whether it would be appropriate for this item to be considered by Full Council at its meeting next week prior to Cabinet giving its formal approval at its meeting on the 12th August.

RESOLVED:

That the proposed response to the two consultations being carried out by the CCG, as now amended, be approved, and be referred to Full Council for consideration.

Members were assured that the membership of this Working Group would be politically balanced.

RESOLVED:

1. That the completion of the Sport, Play and Leisure Strategy be noted and that the initial findings contained in the Summary Document and the overall approach be endorsed.
2. That if Members have any individual comments on the strategy document these should be passed direct to the Director of Housing and Neighbourhoods.

8. CORPORATE PLAN 2015 - 2020

Members considered the Chief Executive Officer's report on the Corporate Plan 2015-2020. Members were advised that the Corporate Plan is a key organisational document which sets the overall strategy and direction for the Council in terms of its future work to benefit the Borough of Great Yarmouth. The Corporate Plan provides a strategic framework for Officers and Members to work within, outlining key priorities and actions for the Council, helping to guide decisions around investment and resourcing for the organisation. The Corporate Plan clearly outlines this direction of travel in terms of future strategy for the Borough, and as such creates an opportunity for stakeholders, partners and major agencies to understand this and align their own efforts to support the future strategic direction of the Borough.

The Transformation Programme Manager explained the process of consultation that had already been carried out in respect of the plan which had been considered at Staff Briefings, Transformation Board and also at the Members Transformation Briefings.

Councillor T Wainwright commented that in his opinion the Corporate Plan should be considered in the first instance by the political groups before it is formally considered by Full Council. The Chairman also commented that everybody needs to take ownership of this document.

The Cabinet Secretary reported that Chief Executive Officer's report had been considered by Cabinet at its meeting on the 13th July 2015 who had recommended to Council that the Council should adopt the Corporate Plan 2015-2020; investing in the future of Great Yarmouth as detailed in his report.
