Hope this is what you need. This email provides the IP's comments on the Bob Huxtable investigation report and on the complaint against Councillor Johnson.

Hi Chris

Based on the report and David's findings I think that the recommendations are fine. I hope that is sufficient - I am happy to draft a separate document going into more detail (though there is very little to comment on given the lack of information in the report - which is not a criticism given the detail of this specific complaint!)

Looking back through emails I can see that I missed commenting in the other complaint relating to Martham Parish Council - sorry about that must have got lost in the pile I was dealing with when I got back from holiday. Not sure what you have done with that one, but for what its worth my position would be that it is not really in the public interest to be looking into potential breaches that appear to have been resolved (in that the member's register is now correct.) My view is that you should initially ask the clerk to confirm that the Parish Council have had no dealings with Watea or Broadland Training Solutions since Councillor Johnson became a member in December 2013. If there have been no instances where Councillor Johnson's interests in these companies came up, I would write to Councillor Johnson reminding him of his obligations but advising that no further action is required in relation to this matter.

Thanks Chris

Alex

Chris,

I have completed my report and here it is. I have not referred to the Independent Person – happy to do so if you think it appropriate in this case.

David
